SAFETY WHILE ON CAMPUS

While on campus everyone should follow and adhere to the following in order to ensure the safety of everyone on the campus premises.

1. In case of a fire, everyone should run for safety at the fire assembly point.
2. People should walk in a straight line while getting out of the building.
3. First aid should be administered to the people who might be having breathing difficulties.
4. People who are still in the building should stay low on the ground since oxygen is available there.
5. In case one still wants to get into the building, he/she should cover oneself with wet blanket to reduce heat and avoid being burnt.
